

TOURISM SANITATION GUIDANCE PUBLIC TRANSPORT

This guideline should be used by tourism partners that operate a public transport vehicle in the Cayman Islands. The guide seeks to address the following areas for consideration for implementation.

| Best Practice Measure | What are the risks to your customers and staff? | Where are the risks? | Actions to help control risks? | What additional controls can you put in place? | Who needs to action the control? | Frequency of control measures? |
|-----------------------------|--|--|--|--|--|--------------------------------------|
| 1 | Lack of information | Displayed on PTB Website and Visit Cayman Islands | Information from HSA and Ministry of Health | Policy placed on each public transport vehicle | PTU | Updated as needed |
| 2 | Queuing | Persons congregated together before onboarding at bus stop | Signage displays at bus stops indicating that persons waiting for the bus should be 6ft apart | Facemasks or cloth face coverings must be worn while queuing. Hand sanitizer suggested to be used at each bus stop. | PTU | At all times |
| 3 | Bus Depot | Queuing and social distancing at bus depot | Persons must adhere to social distancing of 6ft apart when waiting for a bus. | Signage to be displayed at bus depot along with hand sanitizer. | PTU | At all times |
