WELCOME TO THE *Cayman Islands*

*Legendary
as being one of
the world's
premier places
to indulge
in romance,
recreation or
relaxation.*

Nestled in an unparalleled tropical setting. Offering that luxurious blend of sun-kissed beaches and calm, turquoise seas. World-renowned for dining, snorkelling and diving, the Cayman Islands offers an adventure for people of all ages – and interests. With such a diverse range of pursuits to enjoy and explore, your visit here can be filled with activities, day and night. Do it all. Or do nothing at all, except savour the spectacular view, the warmth of the people and the perfect weather. Either way, one thing is certain, your time in the Cayman Islands will be one you'll treasure forever. Three islands. Endless possibilities.

GRAND CAYMAN

The largest of the three islands. Cosmopolitan Grand Cayman offers a wealth of activities, restaurants, accommodation and attractions. The capital, George Town, offers some of the finest shopping in the entire Caribbean.

CAYMAN BRAC

Unspoiled and unhurried. An island where breathtaking natural attractions and a rich seafaring heritage will awaken your adventurous spirit. A nature lover's paradise where diving, birding and snorkelling are celebrated.

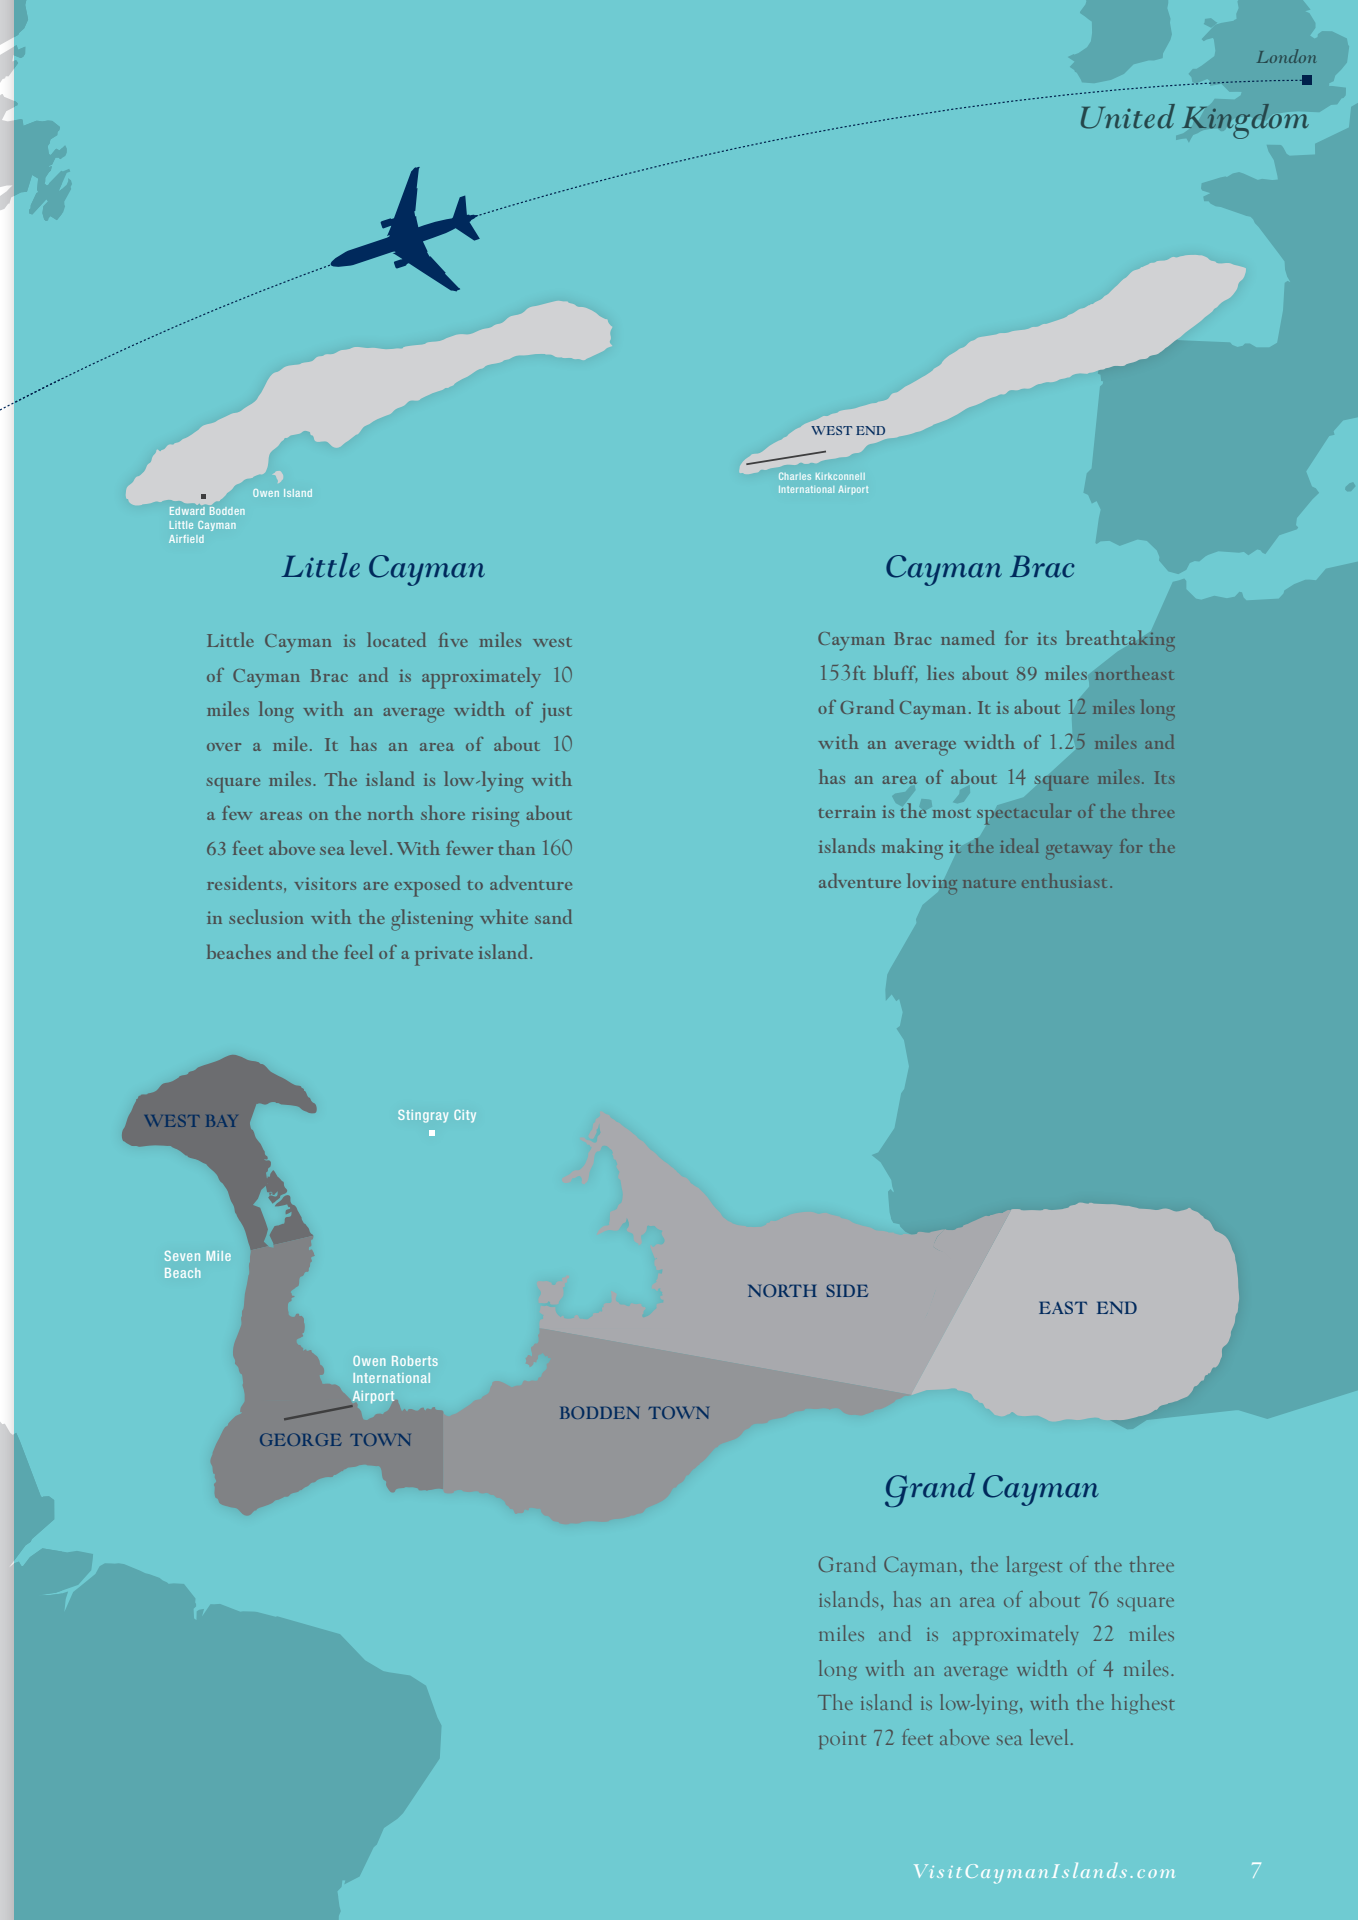

LITTLE CAYMAN

Tranquil and serene. Blessed with pristine white sand beaches and miles of untouched wilderness. A favourite of divers, naturalists and photographers. Quietly redefining the word paradise, where time stands still.

OUR Trio of Islands

The Cayman Islands. Grand Cayman, Cayman Brac and Little Cayman, are located in the Western Caribbean about 150 miles south of Cuba, 167 miles northwest of Jamaica and 460 miles south of Miami, Florida.

Little Cayman

Little Cayman is located five miles west of Cayman Brac and is approximately 10 miles long with an average width of just over a mile. It has an area of about 10 square miles. The island is low-lying with a few areas on the north shore rising about 63 feet above sea level. With fewer than 160 residents, visitors are exposed to adventure in seclusion with the glistening white sand beaches and the feel of a private island.

Cayman Brac

Cayman Brac named for its breathtaking 153ft bluff, lies about 89 miles northeast of Grand Cayman. It is about 12 miles long with an average width of 1.25 miles and has an area of about 14 square miles. Its terrain is the most spectacular of the three islands making it the ideal getaway for the adventure loving nature enthusiast.

Grand Cayman

Grand Cayman, the largest of the three islands, has an area of about 76 square miles and is approximately 22 miles long with an average width of 4 miles. The island is low-lying, with the highest point 72 feet above sea level.

THE SISTER ISLANDS OF THE CAYMAN ISLANDS

LITTLE CAYMAN

Tucked away in the exotic arena of the Caribbean is a magical island that makes up the island trio of the Cayman Islands known as Little Cayman. Little Cayman consists of 10 square miles of unspoiled surroundings, including more than a dozen secluded beaches, numerous lagoons, mangrove forests, salt ponds and tropical forests strewn with orchids. It is home to many indigenous species of flora and fauna. We invite you to come and relax with us on this serene tropical paradise.

CAYMAN BRAC

Beneath the cobalt blue waters that surround this charming island, you will find a colourful array of aquatic life. It is believed that hidden treasure still rests below the wrecks and hidden crevices. But not to be played down by the phenomenal underwater attraction we possess, is the topside activities and amenities available to anyone who visits our shores. Cayman Brac is the most easterly of the three islands. With a total land mass of 14 square miles, the island is small enough to maintain a peaceful, tranquil atmosphere, but big enough to have a plethora of hidden caves, winding trails and a unique cultural history.

PRACTICAL *Information*

AERIAL VIEW OF GRAND CAYMAN

*Here is some useful information
before you arrive in the Cayman Islands
for your perfect vacation.*

ENTRY REQUIREMENT

Guests of the Cayman Islands are required to present a valid passport and must complete an immigration form. If there are any items to declare, guests should also complete a customs declaration form. All guests must possess a return airline ticket. For more information visit www.cbc.gov.ky.

BEING BRITISH

From the landmarks of our first capital Bodden Town, to the tiny Stake Bay Museum and the cricket pitches on Grand Cayman; guests of the Cayman Islands are never far removed from the English history and heritage that make our islands so special.

TIME ZONE

Eastern Standard Time is observed in Cayman, but there is no change for daylight savings. Cayman is 5 hours behind Greenwich Mean Time (GMT)''

SHOPPING

FOREIGN EXCHANGE

The Cayman Islands dollar (KY\$) is on a fixed exchange rate — KY\$0.80 equals US\$1.00. The US dollar is accepted throughout the islands. Automated Teller Machines are also available that dispenses both currencies.

CREDIT CARDS

American Express, Discover, Mastercard and Visa are widely accepted.

BRING HOME CAYMAN

Take a bit of Cayman home with you. There are a variety of locally produced products, ranging from marshmallows to candles and rum, available in several stores.

GROCERIES

If you would like to stock your fridge and cupboards, there are a few supermarkets located close to most major accommodations, where you can buy all the groceries you need during your visit.

TRANSPORTATION

We highly encourage you to roam and explore our islands however you feel comfortable. If you wish to get around at your own pace, rent a vehicle or scooter from one of the many rental companies. Just keep in mind that we are a British Territory, so we drive on the left.

Alternatively, you can catch a bus/taxi that will take you exactly where you need to go. Be sure to download the CIGO Taxi Fare app from Google Play or Apple App Store to find out exactly what you should be paying. Taxi's primarily are 'cash only'.

YEAR-ROUND APPEAL

With temperatures ranging from 80-90 degrees Fahrenheit and water temperature from 78-86 degrees Fahrenheit, it's pretty much summer all-year-round in the Cayman Islands.

SUSTAINABILITY

In order to continue to thrive as a leading Caribbean tourism destination, the Cayman Islands heavily enforces littering and marine conservation laws to ensure our islands, and their waters, remain beautiful.

RELIGION

In the Cayman Islands, the dominant religion is Christianity. Within the Christian faith, there are quite a large number of different denominations such as United Church (Presbyterian and Congregational), Anglican, Jehovah Witness, Baptist, Church of God, other Protestant, Roman Catholic and Seventh Day Adventists.

MEDICAL FACILITIES

The Cayman Islands has a full complement of modern medical facilities on Grand Cayman and Cayman Brac, including government hospitals and private medical facilities like Health City. Little Cayman is staffed by a full-time nurse. Grand Cayman also houses a hyperbaric chamber.

Island Hopping to our Sister Islands

Experiencing the beauty and tranquility of Cayman Brac and Little Cayman is only a short plane ride away with Cayman Airways. There are multiple flight options, offered seven days a week, for you to choose from. Whether you want to take a day trip and be back in Grand Cayman in time for dinner or spend a day or two exploring the sister islands, our national carrier will get you there and back.

10 Interesting Facts

1

Christopher Columbus was the first explorer to record seeing the Cayman Islands in 1503.

2

The islands were teeming with turtles; hence the first name, given to the islands — ‘Las Tortugas’.

3

The islands soon changed its name from ‘Las Tortugas’ to ‘Caimanas’, named after a marine crocodile found on the islands. ‘Cayman’ is an evolved variation of the word which led to our current name, Cayman Islands.

4

The United Kingdom took control of the Cayman Islands along with Jamaica as a result of the Treaty of Madrid in 1670. The Cayman Islands were governed as a colony of Jamaica until 1962.

5

The earliest settlers arrived in the islands around 1658 as deserters from the British Army in Jamaica.

6

Other early settlers included pirates, Spanish refugees and shipwrecked sailors.

7

The first recorded permanent inhabitant of the islands was born on Grand Cayman around 1700.

8

The first recorded settlements were located on Little Cayman and Cayman Brac during 1833-1840.

9

The first British Royal to visit the Cayman Islands was Mary, Princess Royal on 22 March, 1960. Queen Elizabeth II visited the islands for 24 hours in 1983.

10

The Cayman Islands received its first written constitution by Royal order-in-council on 4 July, 1959.

THREE ISLANDS TO CHOOSE FROM

The Cayman Islands offers both the novice and the experienced some of the best diving and snorkelling in the world. Each of the three islands are surrounded by a shallow, environmentally protected coral reef. Our secluded location, far from other land masses, is what keeps coral healthy and our waters clean and clear. The Cayman Islands offers the most spectacular wall diving in the Caribbean such as the award winning Bloody Bay Wall.

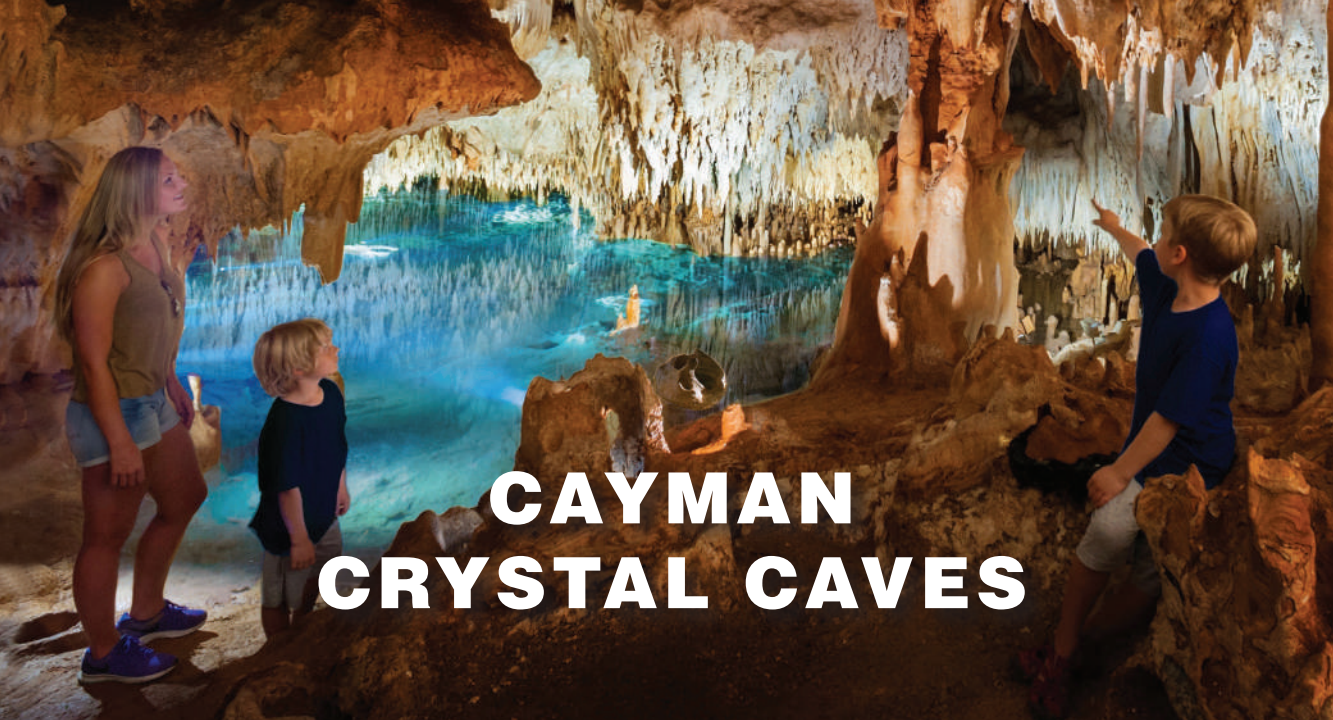

PIONEERS OF RECREATIONAL DIVING

The Cayman Islands is historically recognised as a pioneer of recreational diving through the establishment of one of the Caribbean's first dive operation on Grand Cayman in 1957.

The Cayman Islands has justifiably earned the coveted distinction as being among the most magnificent dive locations in the world. Our underwater world has abundant marine life, vibrantly coloured reefs and dramatic walls less than a quarter mile off shore.

DIVERSE RANGE OF UNDERWATER ACTIVITIES

The Cayman Islands offers a wide range of scuba diving activities including vertical walls plummeting to depths of 2,500 ft, ship wrecks, colourful reefs, shore and technical diving. With water temperatures of 80 degrees year round, this makes the destination a diver's paradise. You can even rent dive propulsion vehicles (DPVs) and see more of your favourite dive sites in one dive.

From massages to meditation, the Cayman Islands experience is one of relaxation in its purest, most refined form.

HELPING TURTLES AND WILDLIFE FLOURISH

Cayman Turtle Centre: Island Wildlife Encounter is all about conservation. Conservation of turtles, of course, but it is also much more. Apart from the Centre's 50-year history of releasing thousands of turtles into the wild, rare birds such as White Crown Pigeons and Cayman Parrots have been bred in captivity at the Centre's Aviary, and then released too.

Each species has a unique and special place in the ecosystem. White Crowned Pigeons, for example are known to be vital for spreading the seeds of different trees between islands on their inter-island migrations, creating habitats for a wide variety of other species. Likewise, marine ecologists call The Green Sea Turtle, a "Keystone" species because it is really a key component of reefs and seas. By grazing on the seafloor beds of the long filaments of algae known as turtle grass, it keeps them healthy and a home to all manner of baby fish, mollusks and crustaceans. In conserving these key species, Cayman Turtle Centre helps make sure that regional ecosystems are protected.

The Cayman Islands was once in the midst of a huge herd of turtles, millions strong. There were so many that when Christopher Columbus discovered the Islands in 1503, he called them Las Tortugas, which means The Turtles in Spanish. Since that time the turtle has been a part of Cayman's culture and culinary tradition, but worldwide overfishing and other modern developments meant that in 1999, there was just one recorded nest left in Cayman. Now, that number has risen by a hundredfold, and it has been found, by DNA testing, 90% of Green turtles nesting in Cayman come from releases made years ago by Cayman Turtle Centre. Thousands of captive bred and raised head-started and hatchling turtles have been released since the Centre began. Head started turtles are given a head-start in life, because we protect them in a safe environment, through their first, most vulnerable year of life.

Recently we teamed up with local dive boat operations, such as Cayman Turtle Divers, to take little turtle hatchlings,

just a few days old, out in the dive boats and past the danger of the beach and shallow reef area where predators lurk, to the safety of big clumps of Sargassum seaweed. These densely matted rafts of algae are known to be the tiny hatchlings preferred habitat for the first year of their lives, because they can find plenty of food there.

Beach visitors and hotel guests are very curious about our egg translocations because we actually take a clutch of eggs that are almost ready to hatch, and carefully translocate them to a new nest on Cayman's beaches. The nests are watched over until they hatch, and the tiny hatchling turtles scramble into the sea.

For us, education means more than learning facts and figures. Thousands of school students of all ages visit Cayman Turtle Centre every year because seeing the animals they have read about in books makes lessons truly come alive. Because, uniquely, all the life-stages of a turtle are present in one place,

the Centre facilitates research by many university students and scientists, contributing to the body of knowledge throughout the world, to conserve turtles even better.

Perhaps the most important way we conserve wildlife is by giving the quarter of a million people who visit the Centre every year the opportunity for a life-changing encounter with wildlife. After they have seen, or snorkeled with our turtles and fishes, they will never be the same again. Like ripples spreading out in a lake, each changed life will be more likely to protect wildlife wherever they live, because they will be carrying an amazing encounter inside them.

Saving tomorrow's turtles... today!

10 Amazing things you never knew about the Cayman Islands and its' wildlife.

ONE

The Cayman Islands are a part of a mountain range called the Cayman Ridge, which rises more than 7,500m from the ocean floor.

TWO

The Cayman Islands are the peaks of a limestone mountain, and limestone is really porous; all the water just runs through it rather than off it making Cayman one of the world's top diving locations.

THREE

Parrotfish assist with bio-erosion by excreting sand; they munch on rock and coral, and it comes out as sand which is why there are so many great beaches on the islands.

FOUR

Cayman has its very own blue dragon, an iguana found nowhere else in the world which is incredibly rare and really is blue.

FIVE

In the middle of North Sound on Grand Cayman, wild Southern stingrays gather in huge numbers at a place called 'Stingray City' where you can get in the water and interact with them.

SIX

The Cayman Islands are home to three sea turtle species: the

green, the loggerhead, and the hawksbill.

SEVEN

The only native land mammals of the Cayman Islands are bats, some of them only eat fruit such as wild almonds and some only eat insects such as moths, beetles and mosquitoes.

EIGHT

There are over 230 species of birds in the Cayman Islands with Little Cayman having the largest colony of red footed boobies in the Western Hemisphere.

NINE

The Grand Cayman pygmy blue Brephidium exilis thompsoni is a Grand Cayman endemic subspecies of butterfly, found nowhere else in the world.

TEN

One of only a dozen places worldwide exists a rare and magical phenomenon of bioluminescence. There is a secret bay on Grand Cayman with this extraordinary natural light show, caused by a high concentration of plankton alongside red mangroves and minimal light movement in the sheltered water, resulting in a stunning bioluminescence light, best seen on very dark nights.

Standing as the oldest building on Grand Cayman, is an authentic Caribbean great house built in the early 18th century and known as the birthplace of democracy in Cayman. pedrostjames.ky

QUEEN ELIZABETH II BOTANIC PARK

Enjoy a unique blend of natural beauty, culture and history with the simple elegance of a traditional Caymanian garden and startling display of exotic flora. botanic-park.ky

RUM POINT

Located on the picturesque north side of the island, "Rum Point" is famous for its mudslides, white sandy beach and shallow clear waters.

STINGRAY CITY

Perhaps the Cayman Islands' most famous attraction, Stingray City, and the nearby shallows known as 'The Sandbar' in the North Sound, provide the only natural opportunity in the world to swim with more than two dozen Atlantic Southern Stingrays that enjoy the company of humans.

CULINARY CAPITAL *of the Caribbean*

CULINARY EXCELLENCE

With over 200 restaurants covering a variety of cuisines that span the four corners of the world, as well as top-tier culinary events, the Cayman Islands is widely considered as the Culinary Capital of the Caribbean.

Treat yourself to some fine dining, or stick to something familiar, we have something for you. For more information on where to eat, visit culinarycapital.com.

Local fare

Cayman Islands food reflects the rich cultural heritage of the islands and incorporates several international flavours. Anything you can make with conch, coconut, plantain, cassava, yams, tuna, snapper, mangos and mahi, has been prepared in the Cayman Islands.

GRAPE TREE CAFÉ

CAYMAN CABANA

T: 345-946-1115

W: caymancabanarestaurant.com

E: caymancabana@gmail.com

Cayman Cabana collaborates with local farmers and fishermen to host a Thursday weekly "Oceanside farm to table dinner series". It is authentic, true to its name and heritage.

CAYMAN CABANA, GRAND CAYMAN

FISH FRY

CAPTAIN HERMAN'S FISH FRY

Enjoy a plate of delicious curried shrimp while sitting under colourful tables decorated with thatch roofs. Relax as you enjoy a local favourite of fried fish with a side of festival – a sweet fried dumpling. Be mesmerised by the sound of the waves crashing on the shores of the old fishing village of East End.

LOCAL Market Scene

A dedicated group of Caymanian farmers, skilled artisans, creators and purveyors showcase their work around the island.

Grand Cayman boasts two convenient locations to purchase fresh produce, products and locally crafted gifts. Every Saturday at the Farmers Market in George Town on Huldah Avenue and The Market at Camana Bay.

The Markets hosts over 30 local farmers and vendors throughout the week giving you a wide range of products from fresh produce to cooked meals. Get your local harvest of vegetables from zucchinis to peppers and pumpkins or local fruits like star fruit and watermelons. Don't miss out on some must haves (coconut oil, pickled pepper mango jam and body scrubs to name a few.) Be sure to take home unique souvenirs such as scented candles, hand crafted soap or jewelry made from the semiprecious stone indigenous to the Cayman Islands called Caymanite.

If you're looking for something other than the produce scene then check out the crafts market section. You'll be sure to find a scene of weaved-thatch products, including bags, hats, fans, placemats, and traditional "Wari" board games.

If you're in the sister islands, be sure to check out Cayman Brac's Local Market. Cayman Brac hosts a local market every Saturday morning giving their touch on local produce and crafts.

An island where breathtaking
natural attractions and a rich
seafaring heritage will awaken
your adventurous spirit. A nature
lover's paradise where diving,
birding and snorkelling are
celebrated.*

THE BLUFF

BRAC TREASURES AWAIT YOU.

NATURE / ISLAND TOURS

We invite you to take a FREE tour with a trained local Guide. Cayman Brac has so much to offer above and below the water and it's all at your fingertips. With this free service you can customize your tour to your preferences. Traverse ancient forests through marked natural trails and boardwalks, birdwatch at nearby marshes and wetlands, spelunk famous caves or stand tall at the highest point in the Cayman Islands. Contact for more information: (345) 948-2222 or naturecayman@gov.ky
*Transportation not included

CAYMAN BRAC MUSEUM

Come visit with us at the oldest Museum in the Cayman Islands! Enjoy our intriguing displays and exhibits on the turtling, ship-building, home life and much more as we create a window to our past. Step back in time in our quaint building, an artefact itself, located in the islands capital. Catch a glimpse of the way of life in Cayman Brac and Little Cayman from yesteryear. Hours: Monday – Friday 9am - 12noon, 1pm - 4pm
Sat. 9am - 12noon
Contact: (345) 948-2222
Free admission

CAYMAN BRAC HERITAGE HOUSE

Set on over an acre of land in North East Bay, the Heritage House is a modern version of an old Caymanian home, and holds the great privilege of providing a living example of Caymanian heritage. This cultural hub is often the host site of numerous community cultural events, artistic and historic exhibits, and a variety of cultural programmes. Tours of the grounds highlight the wealth of both native and imported trees and flora, as well as the Lazzari leather tannery troughs. Hours: Monday – Friday 8:30am - 12noon, 1pm - 5pm

ROCK CLIMBING, THE BLUFF

Adrenaline-inducing. Both above our shimmering aquamarine seas and below. At every turn, a new thrill to be discovered.

THE BLUFF

The Bluff commences at the West End of the island and extends throughout the rest of the island down to Spot Bay. It is the highest point on this island as well as throughout the Cayman trio. On the Bluff there are hundreds of caves and crevices of all sizes to explore whether by hiking or rock climbing.

CAYMAN BRAC LIGHTHOUSE

From the Parrot Reserve, continue travelling on Major Donald Drive east to the Lighthouse, located at the end of the road - there are actually two lighthouses at this point; a historic lighthouse and a newer model. Both are just lights atop tall towers but the view from this area is dramatic. What makes the view dramatic is the 153-foot-high Bluff, the highest point in the Cayman Islands. A trail weaves its way to the edge of the Bluff and provides excellent photo opportunities. Rocky paths snake their way along the Bluff; wear hiking boots for this challenge.

CAYMAN BRAC MUSEUM

The front room of the museum pays homage to the building's past iterations. Moving throughout the museum, visitors will encounter a collection of dental pliers of old, a scale model of a catboat, and exhibits discussing the history of ship building, turtling, destructive weather, and old-time living.

CHRISTOPHER COLUMBUS GARDENS

Located on the Bluff, the park is home to the Wall of Honour, several boardwalks and gazebos constructed to fit in with the natural surroundings. The Wall of Honour, has the names of 500 persons who have made a significant contribution to Cayman Brac and Little Cayman over its 500 year history.

WRECK OF THE RUSSIAN FRIGATE (MV CAPT. KEITH TIBBETTS)

The relatively young wreck dive is the famous MV Captain Keith Tibbetts, a huge 330 foot long Russian Brigadier Type II Class frigate that was scuttled in the north shore of Cayman Brac in September 1996. The Keith Tibbetts is a great dive and one of the few Soviet Union wrecks in the Western Hemisphere.

NATURE CAYMAN

Nature Cayman showcases the best in nature tourism in Cayman Brac and Little Cayman. Experience our endemic wildlife as well as our local flora in their natural habitat with our trained Nature Tourism Guide. The programme also highlights our many cultural and historic sites. Free tours are offered to enjoy these natural wonders. Hike one of our many nature trails, see our unique island history, go spelunking, or have a chat with the locals. It's all at your fingertips.

Small yet utterly spectacular. Here, you can truly relax
in body and soul.*

OWEN ISLAND

POINT O' SAND

Grab a picnic basket, your favourite drinks and make a day of it at this astoundingly beautiful and quiet beach. The depth of the water stays ankle deep for just over 15 feet then gradually drops off making it an ideal beach for basking in the sun while staying cool.

LITTLE CAYMAN MUSEUM

Like the larger sister islands, Cayman Brac and Grand Cayman, Little Cayman also has its own museum. Step back in time as you learn about the work, hobbies, and the life of the people who lived on Little Cayman so many years ago. Admission Free.

BLOSSOM VILLAGE

This area on Little Cayman is probably the area that was inhabited by some of the first settlers. It was and still is the main town on this island. Blossom Village is home to the Quincentennial Monument that was erected in honour of brave Caymanians who dedicated their lives to serve their country. These brave men and women helped to put Little Cayman on the map.

LITTLE CAYMAN NATIONAL TRUST HOUSE

This traditional Caymanian cottage overlooks the Booby Pond Nature Reserve. Telescopes on the breezy second-floor deck permit close-up views of their markings and nests, as well as the other feathered friends. Inside you'll find shell collections, panels and dioramas discussing endemic reptiles, models "in flight," and diagrams on the growth and life span of red-footed boobies, frigate birds, egrets, and other island "residents." The shop sells exquisite jewellery made from Caymanite and spider-crab shells, extraordinary duck decoys and driftwood carvings, and great books on history, ornithology, and geology.

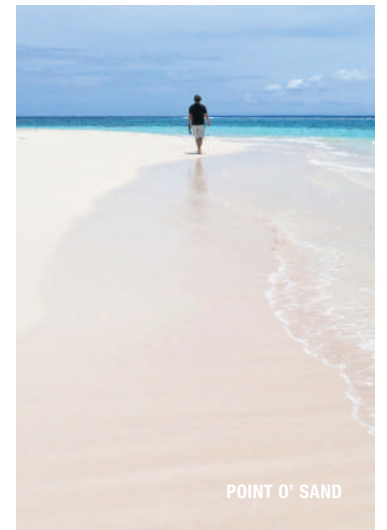

OWEN ISLAND

For a real adventure and a true taste of Cayman watersports, visit the island getaway Owen Island, a small islet just off the south-western coast of Little Cayman. The only way to reach the island is by sailboat or kayaking across the waters of

Bloody Bay, so be prepared for an exciting voyage! If you love the idea of a Caribbean island getaway to a secluded beach for the ultimate in romance, rest, and relaxation, Owen Island is the vacation for you.

BOOBY POND

Colony of 20,000 red-footed booby (the largest in the Caribbean) and 350 magnificent frigatebirds; major breeding and overwintering site for herons, shorebirds, waders and ducks, including the endemic West Indian whistling-duck. Owned and protected by the National Trust, it is a RAMSAR site and a wetland of international importance.
